Education

GLA University   **Sep. 2023 – May 2025**
Master of Computer Applications   Mathura, UP

Vinoba Bhave University   **Sep. 2020 – May 2023**
Bachelor of Computer Applications   Hazaribagh, Jharkhand

CH+2 High School   **Sep. 2018 – May 2020**
12th Standard   Koderma, Jharkhand

CH+2 High School   **Sep. 2017 – May 2018**
10th Standard   Koderma, Jharkhand

Experience

E-MAX INDIA   **Feb 2023 – July 2023**
Designation: Full Stack Developer
- Developed and maintained dynamic web applications using HTML5, CSS3, JavaScript, and Java, ensuring optimal performance and cross-browser compatibility.
- Designed responsive user interfaces and collaborated closely with the UI/UX team to deliver mobile-first, user-friendly designs.
- Integrated third-party APIs and services to enhance platform functionality and user engagement.
- Participated in code reviews, applied clean code principles, and followed best practices for efficient and scalable development.
- Worked in an Agile environment, contributing to daily stand-ups, sprint planning, and iterative development cycles.

Projects

GeoMark | Flutter, Android Studio   **May 2025**
- Developed a geolocation-based mobile app to automate employee attendance tracking across multiple office locations.
- Used Android Studio, Google Maps API, and Firebase for real-time data sync and location tracking.
- Enhanced operational efficiency by reducing manual errors and enabling both automatic and manual check-in options.

Kiddo-Tv | HTML5, CSS3, JavaScript, Firebase   **May 2024**
- Guided a team of 4 developers to develop a child-safe OTT platform focused on interactive learning and entertainment.
- Used MySQL Database to enable seamless content streaming and user management.
- Designed a child-friendly UI with large icons, vibrant visuals, and easy navigation tailored for young users.
- Implemented offline mode support to allow content access without internet – enhancing usability for kids.

E-SHOP | HTML5, CSS3, JavaScript, and MySQL   **July 2023**
- Led a team of 5 developers to design and build a fully functional e-commerce platform from scratch.
- Designed an intuitive, responsive user interface using HTML5, CSS3, JavaScript, and core java for a smooth shopping experience.
- Implemented category-based browsing, secure navigation, and a clean layout to enhance user engagement.
- Integrated MySQL database to manage user accounts, orders, and inventory efficiently.
- Ensured cross-device compatibility and performance optimization for real-time usage.

Technical Skills

Languages: Java, C++, JavaScript
Web Development: HTML5, CSS3, Spring boot, React.JS, Next.js, Node.JS, Express.js, REST APIs, MySQL
Mobile Development: Flutter, Android Studio
Tools/Platforms: Git, GitHub, VS Code

Certifications

- **IT Support Member – Netra Kumbh 2025** Contributed to technical support, troubleshooting, and real-time coordination during a national event.
- **AI Tools Workshop be10X — 2024** Explored the use of Artificial Intelligence tools to improve productivity and automate workflows.
- **Full Stack Development with MERN Stack Cisco Networking Academy — 2023** Covered MongoDB, Express.js, React.js, Node.js fundamentals with project-based learning.
- **Full Stack Web Development Certification E-MAX INDIA Pvt. Ltd. — 6 Months (2023)**
  Gained hands-on experience in frontend and backend technologies, API integration, and responsive web design.
